Hope everyone has survived the cold, snow and now the rain of this winter and that your Model T shop has been snug and warm and filled with the sounds of Model T's being repaired, improved and being made ready for a great summer of touring. Some of our members have been busy buying cars and parts from one end of the country to the other. Others are working hard to have cars ready for a new season. Can't wait for Spring so we can see all these new editions to the Tennessee T's Model T family.

Some of our members are not waiting for Spring to jump in the T and take off. Bud and Ginny Scudder are in FL now enjoying the Winter Tour. The Krulls and Williams are leaving on the 21st to enjoy a few days of touring with Wally and Angie Schneider. Angie told us to "close the door behind us" on the cold as we head South. We are surely going to try.

We have not had a regular meeting since December but hope several of you are planning weekend events to bring to the table in April at LBL. The Tennessee T's Chapter is your club so lets all work together to plan some fun times.

### UPCOMING EVENTS

LAND BETWEEN THE LAKES TOUR April 11-13, 2003

Our first Chapter event of 2003 is the Land Between The Lakes Tour, April 11-13. At this date there is only one room left at the Fish Tale Lodge.

(731) 642-7113. If you call and all rooms are taken try the Paris Landing State Park Lodge. If this doesn't work give us a call.

Sue is planning a cook-out for dinner on Friday night so bring your lawn chairs and appetite. Chapter meeting after dinner.

Kenneth and Betty are members of both the International and American and have a 1923 TT Truck and would like to find a car to add to their stable.

.....

Gary Tillstrom and Ralph Williams attended the Nashville Swap meet in early February and created quite a bit of inflation with all the Model T vendors. Ralph says if anyone is in need of couple of cranks they might be willing to let one go. (somehow I doubt it) They also purchased some Anderson timers but mostly just had fun trying to find the ultimate deal. Something tells me that Teresa and Annette should never turn these guys loose together at Hershey.

Joe and Alice Pinegar report that they hope to be moving into their new home by April. Glad to hear everything is looking up for the Pinegar family. Joe has his priorities in order though. The Model T was the first thing repaired after the tornado passed through their lives.

### POINT TO PONDER

This picture of Lynn Cook "burning rubber" was taken in the parking lot at Pickwick in September. The "point to ponder" is whether this picture was taken before or after "Speedy" Corlew passed him on that hill. Hmmm!!! I wonder!!!!
